

Discover Hancock Bank Remote Deposit

Make the deposit without making the drive.

It's the end of the 5 o'clock crunch.

During hectic afternoons in or out of the office, one question is always looming: Can you beat the traffic and the clock—and get your deposit to the bank before it closes?

Now, those days are over. With Hancock Bank Remote Deposit, you don't have to leave your desk to drive to the bank—and you can make deposits on *your* timetable, not someone else's. Plus, preparing and making your deposit takes less time than ever before!

- **Never leave work again to make deposits.** Remote Deposit saves work time, driving time and liability, as well as gas.
- **Make deposits at your desk** with a special scanner that sends checks instantaneously to the bank.
- **Enjoy the convenience** of making deposits any time, during any business day.
- **Get same-day credit** for deposits made up to 7 p.m. (CST) on any business day.
- **Deposit checks from multiple office locations**, citywide, statewide or nationwide, into a single Hancock Bank account.
- **Streamline recordkeeping** with payment and deposit check images automatically stored in your computer and printable—for 10 days.
- **Export capabilities** included.

Remote Deposit works in four simple steps.

1. **Scan checks from your desktop.** With a special scanner, simply scan both sides of the checks in a single pass.
2. **Prepare the deposit.** View images of the scanned checks right from your computer. The dollar amounts for the checks are automatically read and the deposit is totaled.
3. **Electronically send the deposit to the bank.** Click “submit deposit,” and that’s it! The deposit is sent to the bank through a secure Internet connection.
4. **Funds are deposited into your account.** Access your funds, on average, one to three days sooner than traditional deposits.
